We've Awarded **\$1,817,838** in Grants to Support Heroes in Times of Need

Our foundation is committed to awarding grants to hero organizations who provide essential support in areas like housing crises, disaster recovery, and health-related struggles; ensuring our heroes receive the assistance they need when it matters most.

Our grants are awarded to assist in three ways:

Housing Crisis

Help for heroes needing emergency housing, homelessness prevention, or essential help with necessities like rent, utilities, and food.

Disaster Relief

Providing crucial support to heroes who have been directly impacted by devastating disasters such as fires, hurricanes, and floods.

Health and Family

Supporting heroes and their families as they navigate the challenges of serious medical needs, injuries, or the profound loss of life.

In 2024, we awarded \$180,000 to 21 nonprofit organizations nationwide.

The Wider Impact of Legacy Grants

The Homes for Heroes Foundation also awards Legacy grants. These grants are larger grant amounts, offered over a longer period of time, to help fund a hero organization's new project or initiative. The first Legacy grant was done in conjunction with [Firefighters for Healing](#) and Hennepin Healthcare in Minneapolis. The grant helped fund the addition of a Transitional Healing Center that specifically extended their care to the families of first responders burned in the line of duty.
